## Opening Fifth World Circus Day Celebrations

20 March 2014

Today we begin a month long celebration of Circus, the Art of Happiness. As Honorary President of the Fédération Mondiale du Cirque, I invite you to commemorate the history and promote the future of Circus arts and culture by hosting an event of your choosing anytime between now and the Fifth World Circus Day on 19 April 2014. As part of this year's Fifth Anniversary festivities, each event organiser is asked join our virtual Pyramid of Happiness as a multicultural symbol of the strength, collaboration, trust and skill inherent in Circus.
